## SUMMARY

I graduated from Bina Darma Palembang University with an Information Systems study program with a GPA of 3.37. I am currently 24 years old. Have an understanding of Front End Web development - Developer and also the use of the Ui Ux Designer interface. I have high spirits and like challenges, I always try to develop and innovate with the skills and experience I have. I have a high curiosity about new things around me. I am ready to learn new things beyond the capabilities and experience I have. I have good communication skills and also the ability to work individually or in groups.
